In addition to the self declaration form that all competitors must complete as part of the signing-on process, at least 25% of vehicles will be physically inspected by a Motorsport UK scrutineer. These cars will be pre-selected by the scrutineers to ensure that every car/competitor is seen at least once, every four race events that it competes in. The time slot for these checks can be found below:

Saturday

Scrutineering Checks	Time	Location
Focus Cup	08:00	In Situ (Min 25%)
GT Cup Championship	08:30	In Situ (Min 25%)
Clubmans Sports Prototype	09:00	In Situ (Min 25%)

Sunday

Scrutineering Checks	Time	Location
Bell Sport Challenge Series	07:30	In Situ (Min 25%)

Visual scrutineering will be conducted on all competing vehicles just before noise testing at the entrance of the assembly area, and in the paddock road while waiting to avoid causing congestion. Scrutineers will have the power to perform random spot-checks on both cars and drivers' equipment throughout the event. Any non-MSVR permitted/guest championships/Series will be asked if they would be happy to take part in the trail. If they choose not to take part, 100% scrutineering will be conducted.

If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you. Allow plenty of time before your first session on track

9. ELIGIBILITY

Eligibility may be checked by a member of the Motorsport UK Technical Commission listed in the 2023 Motorsport UK Yearbook at Appendix 5d. These Technical Commissioners will be considered as Judges of Fact within the Regulations. The Championship/Series licensed Eligibility Scrutineers are also considered Judges of Fact and empowered to undertake any measurements or examinations of vehicles.

10. DRIVERS RACING FOR THE FIRST TIME AT SNETTERTON

Competitors must read an instruction sheet that can be sent out upon request.

12. ENGINE / NOISE POLLUTION

Engines must not be run before 0830 hours OR after 1830 hours.

Noise testing will take place at the entrance to the assembly area for all vehicles. No vehicle should go on track without first having passed a noise test.

13. PIT LANE

Please note the mandatory speed limit in the Pit Lane of **50 km/h for GT Cup Championship** and **60 km/h for all other series**.

The Penalty Box is in the Pit Lane adjacent to Race Control.

Pit Lane – competitors must **not** exit the pit lane when the red light at the pit exit is illuminated.

14. QUALIFYING

All cars will start qualifying from the Pit Lane.

Cars parked in the paddock will be required in the Assembly Area 20 minutes prior to their qualifying. **Noise testing** will be conducted on the entrance to the assembly area. On instruction from marshals, cars will proceed from the Assembly Area into the Pit Lane.

Please make yourself familiar with the location of the Assembly Area and Parc Fermé, before your first practice session.

15. RACE START PROCEDURE

GT Cup Championship competitors will leave the garages and proceed to their grid slot when advised that the pit lane exit is open.

GT Cup Championship and Bell Sport Trophy will use rolling starts.

All other races will be standing start.

If the delay from the showing of the Green Flag to the start of the race takes more than four minutes, the organisers reserve the right to reduce the race distance.

All races will have a green flag lap.

16. GRIDS

Grids will be in accordance with the track licence or Race Series Regulations.

In ideal conditions, the racing programme may be brought forward by up to 20 minutes and competitors should ensure that they are in their correct location in good time.

17. COUNTDOWNS

For all races, the countdown will start at the 1-minute signal unless Championship Regulations specify a different procedure.

Please note that where possible the Countdown Boards, including the 5 second Board used for standing starts, will be displayed on the Start Line Gantry Messaging Board – see pictures below.

Should technical difficulties prevent the use of the Gantry Messaging Board, the Starter will display boards from the Pit Wall.

For avoidance of doubt on standing starts, once all cars have returned to the grid at the end of the Green Flag lap, the 5 second board will be switched on & then switched off. The red starting lights to the left of the Gantry Messaging Board will then be switched on and **the race starts when the red lights are switched off.**

18. SAFETY CAR

The Clerk of the Course has the option to deploy a Safety Car in all qualifying and races. If required immediately after a race start, the Safety Car will be deployed from the exit of Turn 12. At all other times the Safety Car will join the circuit from the Pit Lane exit. It will always leave the circuit by entering the Pit Lane.

19. LIVE SNATCH

Cars may be removed from the gravel traps under local Yellow Flags/Lights. Live snatch will **not** be used for Clubmans Sports Prototype Championship.

20. END OF PRACTICE AND RACE PROCEDURE

At the end of each practice or race all cars must slow down after taking the Chequered Flag and leave the circuit by entering the Pit Lane and turning RIGHT into the Parc Fermé just beyond Race Control. Winners will proceed on foot to the Podium for presentations.

All competitors will remain under Parc Fermé conditions until advised by the Scrutineers.

For races of time duration, the Chequered Flag will be shown to the race leader the first time he passes the finish line after the time has elapsed unless specified otherwise in Championship Regulations.

21. RED FLAGS

Any category generating a Red Flag may be placed at the end of the programme subject to time remaining available.

22. TRACK LIMITS

At this event infringements of 'track limits' as defined by Motorsport UK Regulation Q12.21.2 will be detected by an automatic system that will identify the offending car and produce a photograph of the infringement.

This photographic evidence will be considered as a fact and may be used by the Clerk of the Course for judicial procedures in accordance with Motorsport UK Regulations.

The above mechanism for such infringements does not preclude from marshals, officials and Judges of Fact from reporting infringements.

23. CONTROL FLAGS

Control flags (Black/White, Black/Orange etc) with car numbers may be shown from the control line on drivers right at the line.

The same information may also be shown from electronic panels displayed alongside the start lights in addition to or as an alternative to the flags on the line.

Results of Qualifying and Races can be found on the virtual notice board on the MSVR website (<https://www.msvr.co.uk/car>) where they will be available once any outstanding judicial matters have been resolved
