If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you. 16. RACE START PROCEDURE

GT Cup Championship competitors will leave the garages and proceed to their grid slot when advised that the pit lane exit is open.

All other competitors will proceed to the Assembly Area. On instruction from officials, all cars will proceed directly to the grid.

If the delay from the showing of the Green Flag to the start of the race takes more than four minutes the organisers reserve the right to reduce the race distance.

GT Cup Championship and 7 Race Series will use rolling starts. All other grids will be standing starts.

17. GRIDS

Grids will be in accordance with the track licence or Race Series Regulations. In ideal conditions the qualifying or racing programme may be brought forward by up to 20 minutes and competitors should ensure that they are in their correct location in good time.

18. COUNTDOWNS

For all races, the countdown will start at the 1 minute signal unless Championship Regulations specify a different procedure.

19. SAFETY CAR

The Clerk of the Course has the option to deploy a Safety Car in all qualifying and races. If required immediately after a race start, the Safety Car will be deployed from the exit of Turn 12. At all other times the Safety Car will join the circuit from the Pit Lane exit. It will always leave the circuit by entering the Pit Lane.

Any category generating a Red Flag may be placed at the end of the programme subject to time remaining available.

24. RESULTS

All Practice Timesheets, Grids and Race Results are deemed provisional until all vehicles are released by Scrutineers after Post Practice/Race Scrutineering and/or after completion of any Judicial or Technical Procedures.
