All competitors must ensure that their vehicle and PPE complies with the relevant Motorsport UK regulations.

In accordance with Motorsport UK regulation Q11.2, a minimum of 25% of vehicles and drivers' PPE will be physically inspected by a Motorsport UK scrutineer at each event. These cars will be pre-selected by the scrutineers to ensure that every car/competitor is seen at least once every four race events that it competes in. The time slot for these checks can be found below:

Championship/Series	Time/Location
Porsche Boxster Cup	07:00/In Situ
GT Cup Championship	07:30/In Garages
Porsche Club Championship	08:00/ In Situ
Focus Cup Championship	08:30/ In Situ

Visual scrutineering will be conducted on all competing vehicles just before noise testing at the entrance of the assembly area. Scrutineers will have the power to perform random spot-checks on both cars and drivers' equipment throughout the event.

Any guest championships/series will need to make MSVR aware in advance of the event if they wish to have their grid checked in its entirety by a scrutineer.

If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you. If your car hasn't been checked within the past three events, please seek out a scrutineer to make them aware. Allow plenty of time before your first session on track.

## 9. ELIGIBILITY

Eligibility may be checked by a member of the Motorsport UK Technical Commission listed in the 2024 Motorsport UK Yearbook at Appendix 5e. These Technical Commissioners will be considered as Judges of Fact within the Regulations. The Championship/Series licensed Eligibility Scrutineers are also considered Judges of Fact and empowered to undertake any measurements or examinations of vehicles.

## 10. DRIVERS RACING FOR THE FIRST TIME AT OULTON PARK

Competitors must read an instruction sheet that can be sent out upon request.

## 11. DRIVERS BRIEFINGS

All competitors are required to attend a briefing at the following times, before they go on track:

## 12. ENGINE / NOISE POLLUTION

Engines must not be run before 0830 hours OR after 1830 hours.

Please keep the outer lane clear at all times. **GT Cup teams MUST NOT have any equipment or personnel in the live pit lane outside of their own sessions.**

Competitors must not exit the pit lane when the Red Light at the pit exit is illuminated or cross the blend line while rejoining the track.

#### 14. QUALIFYING

All cars will start qualifying from the Pit Lane.

Cars parked in the paddock will be required in the Assembly Area 20 minutes prior to their qualifying. On instruction from marshals, cars will proceed from the Assembly Area into the Pit Lane.

No car is to go on track before being noise tested, this will take place at the entrance to the assembly area for all grids with the exception for GT Cup where it will take place in the pit lane.

Please make yourself familiar with the location of the Assembly Area and Parc Fermé, before your first practice session.

#### 15. RACE START PROCEDURE

GT Cup Championship competitors should leave the garages and proceed to their grid slot via the full circuit when advised that the pit lane exit is open.

All other competitors should assemble in the Assembly Area 20 minutes prior to your session (or when called, if earlier).

The 1-minute and 30-second countdown will take place in the Assembly Area and cars will then proceed to the grid via the full circuit, on their green flag lap.

Standing start: Cars should form up on the grid at the end of this lap in the normal manner. When the grid is complete, the 5-second board will be displayed before the red lights are illuminated. The race starts when the red lights are extinguished.

Rolling start: Cars will be lead on this lap by the Safety Car and should take up the correct formation towards the end of this lap in the normal manner. The Safety Car will pull into the pit lane, and the race starts when the red lights are extinguished.

In the event that any category takes more than four minutes to complete the formation lap the race time may be reduced. Should there be a failure of the starting lights, the National Flag will be used instead.

Any drivers unable to start the Green Flag/Pace lap or start are required to indicate their situation as per Motorsport UK Yearbook Regulation Q12.11.2 and any drivers unable to maintain grid positions on the Green Flag Lap to the extent that ALL other cars are ahead of them, may complete the Green Flag lap but MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.

In ideal conditions the racing programme may be brought forward by up to 20 minutes and competitors should ensure that they are in their correct location in good time.

- **Rolling Start** - GT Cup Championship
- **Standing Start** - All other grids

All grids will have green flag laps

#### 16. GRIDS

Grids will be in accordance with the track licence or Race Championship/Series Regulations.

#### 17. COUNTDOWNS

#### 18. LIVE SNATCH

Live snatches will not be performed at this event.

#### 19. SAFETY CAR

The Clerk of the Course has the option to deploy a Safety Car for all qualifying and races. The Safety Car will join the circuit from the Pit Lane exit and leave the circuit by entering the Pit Lane. Safety Car regulations are available in the Motorsport UK yearbook or as detailed in Championship Regulations.

#### 20. END OF PRACTICE, QUALIFYING AND RACE PROCEDURE

At the end of each session GT Cup Competitors will slow down after taking the Chequered Flag and leave the circuit by entering the pit lane and returning to their garages/awnings where they will remain under Parc Fermé conditions until advised otherwise by an official of the meeting.

All other competitors must slow down after taking the Chequered Flag and leave the circuit by turning RIGHT into the Parc Fermé at the pit lane entry (before the Medical Centre). Marshals at Deer Leap will display Yellow Flags.

All competitors will remain under Parc Fermé conditions until advised by the Scrutineers.

#### 21. RED FLAGS

In the case of a red flag during practice or qualifying, all cars must slow down, being prepared to stop, and enter the pit lane.

Any category generating a Red Flag may be placed at the end of the programme subject to time remaining available.

The same information may also be shown from electronic panels displayed alongside the start lights in addition to or as an alternative to the flags on the line.

#### 23. TRACK LIMITS

At this event infringements of 'track limits' as defined by Motorsport UK Regulation Q12.21.2 can be detected by an automatic system that will identify the offending car and produce a photograph of the infringement.

This photographic evidence will be considered as a fact and may be used by the Clerk of the Course for judicial procedures in accordance with Motorsport UK Regulations.

The above mechanism for such infringements does not preclude from marshals, officials and Judges of Fact from reporting infringements.

#### 24. JUDGES OF FACT

#### 25. RESULTS

#### 26. SIGNALLING LIGHTS

There are signalling light panels at various locations around the circuit. In accordance with the revised Motorsport UK regulation Q12.24 these lights take priority and may be supplemented with flags.

#### 27. TIMING

All competitors are required to use an AMB TranX 260, AMB MYLAPS X2 or MYLAPS TR2 Racing transponder. This can be either direct or battery powered. Transponders can be purchased from TSL at [www.tsl-timing.com](http://www.tsl-timing.com) in advance of the meeting.

If you need to hire a transponder for this meeting you must do so by the Wednesday prior to the event. This can be done by visiting the TSL-timing shop ([click here](#)). Don't leave it until the race weekend, the timekeepers may not be able to supply you a transponder if you have not pre-ordered one. This could lead to you being in breach of MSUK Regulation 12.8.1.

#### 28. JUDICIAL PROCEDURES

All paperwork must be lodged with the Event Secretary who will then process this as appropriate. There is no change to the time limits related to judicial procedures that can be found in the Motorsport UK Yearbook.

Judicial forms will no longer be signed, and paper copies will not be distributed. They will instead be sent electronically to the recipient using the email that they signed on for the event with. For judicial and appeal purposes the time of issue will be deemed to be the time the decision was sent, unless the recipient is informed verbally, when the time commences at the time notified verbally as stated on the relevant Clerk of the Course decision sheet.

All decisions will be posted on the virtual noticeboard, which can be found on the dedicated event area of MSVR website ([www.msvr.co.uk/car](http://www.msvr.co.uk/car))  
At the discretion of the Judicial officials, Judicial Hearings may be recorded. Note that no competitor is allowed to record the proceedings (see Motorsport UK regulation C15).
